

EASA Certification Information

No.: 2009-13
Issued: 16 November 2009

Subject: **Revocation of European Technical Standard Order (ETSO) Authorisation EASA.IM.21O.752 upon surrender by Chelton Avionics, Inc. dba Wulfsberg Electronics**

ETSO No: EASA.IM.21O.752

Issue date: 15 August 2007

Issued by: European Aviation Safety Agency

Holder of the Certificate: Chelton Avionics, Inc. dba Wulfsberg Electronics

Model: Integrated Display Unit (IDU) for Electronic Flight Instrument System

Part Number: 401-045500-0101 with SW P/N 320-145239-050(X)

Background: The current Holder of the European Technical Standard Order (ETSO) Authorisation EASA.IM.21O.752 has requested to surrender its ETSO Authorisation to EASA. The ETSO is a validation of a corresponding FAA TSO approval.

Chelton Avionics also holds ETSOA EASA.IM.21O.1028 for the part number (P/N) 401-045500-0101 with software (SW) P/N 320-145239-060(X). This approval remains unchanged. After surrender of the certificate EASA.IM.21O.752 no ETSO certification credit for the SW P/N 320-145239-050(X) can be claimed in Europe.

After satisfactory evaluation of the request, EASA has accepted the aforementioned surrender and taken the decision to revoke the ETSO Authorisation of reference in accordance with the applicable EASA administrative procedures. The decision enters into force on 16 November 2009.
