

FAQ n.116455

FAQs:

Registration requirements, Provisions applicable to both 'open' and 'specific' category, Drones (UAS), Regulations

Question:

What happens once I register?

Answer:

Once registered, you receive a 'drone operator registration number' that needs to be displayed with a sticker on all the drones you own, including those privately built. You must also, upload it into the 'Drone's remote identification system'.

Regulatory reference: article 14 EU regulation 2019/947.
