

**FAQ n.116511****FAQs:**

[I am into drone racing and/or flying drones with goggles \(FPV\) 'open' category,](#)  
[Open category,](#) [Drones \(UAS\),](#) [Regulations](#)

**Question:**

**Is flying with goggles (first person view) authorised in the 'open' category?**

**Answer:**

The Regulation allows you to fly without keeping direct eye contact with the drone, provided you have a person next to you, a UA observer, keeping direct visual contact with the drone, scanning the airspace to make sure that you do not endanger other parties (e.g. aircraft or buildings or persons). **The UA observer must be located alongside you so they can immediately communicate with you** in case they see an obstacle, and give you instructions, such as to immediately land the drone.

*Regulatory reference: Article 4(d) of EU regulation 2019/947.*
