

Information Session PART 26 Ageing Aircraft Requirements TC Holders

Virtual Event via Webex

Organised by: EASA

Event Type: Workshop

Date:

12 Apr 2021

Event Materials

Documents

[Q&A TC Holders session](#)

Description

Date & Time

12/04/2021, 14:00-17:00

Description

The scope of this info session is to provide an overview of the new ageing aircraft structures requirements affecting TCHs together with the relevant means of compliance published by EASA. In this context, the Agency will also describe some typical cases, relevant best practices and possible difficulties that might be encountered by TCHs. The overall objective is to help ensure effective implementation of these new requirements by TCHs.
