Description of the event

The EASA Rotorcraft and VTOL Symposium is a unique forum in Europe to discuss the latest developments for rotorcraft from a safety perspective.

This symposium is existing for 12 years and has a growing recognition in the community. For this year's edition the scope will be extended in order to cover all types of Vertical Take-off and Landing Aircraft (VTOL). Other changes and additions:

- Update on the **Rotorcraft Safety Roadmap**,
- Dedicated session on **VTOL** (Vertical Takeoff and Landing) to present the status of the future Means of Compliance to support the Special Condition on VTOL released in July 2019,
- A **Safety Promotion workshop** aimed to promote Helicopter Technologies with Safety Benefits.
