Description

The workshop will allow to perform a deep dive in the U-space concept and AMC/GM to the U-space regulatory framework (EU)2021/664/665/666, especially the recently published [AMC and GM to Implementing Regulation \(EU\) 2021/664 — Issue 1](#) . The USSP/S-CISP certification process and the outcome of the Member States Task force on the USSP/S-CISP certification harmonisation, will be also presented.

This workshop is open to industry and authorities, and will be a unique opportunity to ask questions and provide feedback to whom has been directly involved in the development of U-space concept and regulatory framework, as well as the associated AMC/GM.
