

CS-ETSO AMENDMENT 15 — CHANGE INFORMATION

EASA publishes amendments to the Certification Specifications for European Technical Standard Orders (CS-ETSO) as consolidated text for each constituent European Technical Standard Order (ETSO) individually.

Consequently, except for a note '[Amdt ETSO/15]' under the amended ETSO, the revision indication letter and the revised issue date o, the consolidated text of each individual ETSO does not allow readers to see the detailed changes introduced compared to the previous amendment. To allow readers to see these detailed changes, this document has been created. The same format as for the publication of notices of proposed amendments (NPAs) is used to show the changes:

- deleted text is ~~struck through~~;
- new or amended text is highlighted in **blue**;
- an ellipsis '[...]' indicates that the rest of the text is unchanged.
