## FAQ n.19311

### FAQs:

[B - Fees for the Certification of Products, Fees & Charges — FAQ](#)

### Question:

**B.4 - Does my aircraft belong to a higher fee category because it is a High Performance?**

### Answer:

Not necessarily: it depends on the performance category of the majority of aircraft models belonging to one TC. The higher fee category (=higher MTOW category) is applicable when the majority or equal number of models ( $\geq 50\%$ ) are HPA.

The TC category determines all subsequent applications, including the model fee and CAW fees.
