

Rotorcraft Webinar - The Challenges of Safety Implementation

Virtual Event

Organised by: EASA

Date:

05 May 2021

Description

Date & time

05/05/2021, 11:00 - 12:00 (UTC+2)

Description

As part of an industry wide collaboration EASA Together4Safety will begin a webinar series with the European Helicopter Association and HeliOffshore to discuss important safety topics with industry leaders. The topic for this first session on May 05 from 11:00 to 12:00 (UTC+2) will be the safety challenges that we face in the rotorcraft community and the barriers to implementing safety initiatives.
