

European Union Aviation Safety Agency

FAQ n.140710

FAQs:

[Application process](#), [Applications for product certification/validation of foreign certificates](#),
[Certification of products and organisations](#)

Question:

What is the certification process for a new model of an existing product type?

Answer:

The introduction of a new product model designation is based on a major change to type certificate as per Regulation (EU) No 748/2012, Annex I 'Part-21', Subpart D or Annex Ib 'Part-21 light', Subpart D. Please see the details in the linked EASA work instruction

[WI.CERT.00172](#), Chapter 3.1.1.5.

The addition of a new product model designation is subject to a model fee in addition to the major change fee.
