

FTL Rulemaking Process explained

Your safety is our mission.

Rules don't fall from the sky...

Nor are they summoned by some shady characters...

Process starts before there is a Rulemaking task...

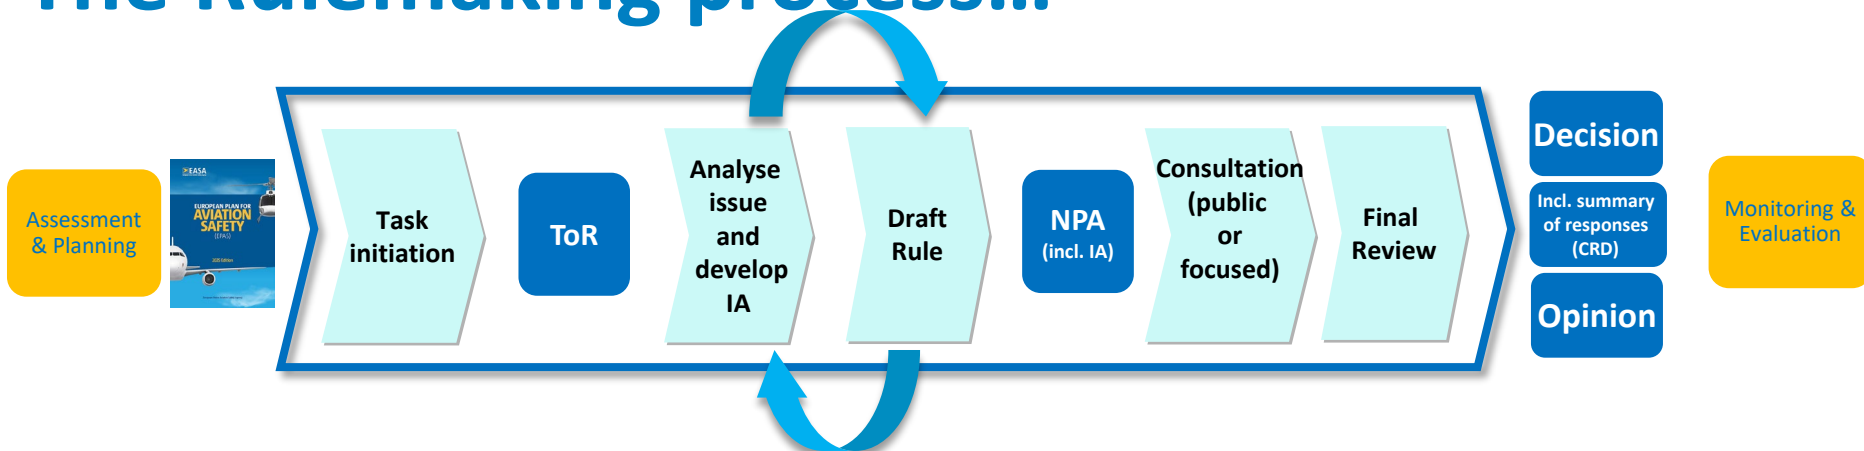

Assessment

Planning

The Rulemaking process...

Collaborative Process

EASA works together with stakeholders

Evidence based

- ✓ Tried & tested (operational experience)
- ✓ Scientific evidence / research

So, what now?

- ✓ Your data matters!

010011010
101110100
001010001
110100110
000110100

- ✓ Engage though the process – not just at the end

- ✓ Working together helps with implementation
