

ANNEX II

Annex II (Part-145) to Regulation (EU) No 1321/2014 is amended as follows:

1. Point 145.A.55(b) is replaced by the following:
 - (b) The organisation shall provide a copy of each certificate of release to service to the aircraft owner/operator, together with a copy of any detailed maintenance record associated with the work carried out and necessary to demonstrate compliance with point M.A.305.

2. Point 145.A.55(c) is replaced by the following:
 - (c) The organisation shall retain a copy of all detailed maintenance records and any associated maintenance data for 3 years from the date the aircraft or component to which the work relates was released from the organisation.
 1. The records under this point shall be stored in a manner that ensures protection from damage, alteration and theft.
 2. Computer backup discs, tapes etc. shall be stored in a different location from that containing the working discs, tapes etc. in an environment that ensures they remain in good condition.
 3. When an organisation approved under this Annex II (Part-145) terminates its operation, all retained maintenance records covering the last 3 years shall be distributed to the last owner or customer of the respective aircraft or component, or shall be stored as specified by the competent authority.
