

NOTICE OF PROPOSED AMENDMENT (NPA) No 2010-05

DRAFT DECISION OF THE EXECUTIVE DIRECTOR OF THE EUROPEAN AVIATION SAFETY AGENCY

Amending Decision No. 2003/19/RM of the Executive Director of the European Aviation Safety Agency of 28 November 2003

on

Acceptable Means of Compliance and Guidance Material to Commission Regulation (EC) No. 2042/2003 of 20 November 2003¹ on the continuing airworthiness of aircraft and aeronautical products, parts and appliances, and on the approval of organisations and personnel involved in these tasks

***“Appendix 1
Aircraft type ratings for Part-66 aircraft maintenance licence”***

¹ OJ L 315, 28.11.2003, p. 1. Regulation as last amended by Regulation (EC) No 127/2010 of 05 February 2010 (OJ L 40, 13.02.2010, p. 4).

APPENDIX 1 TO ANNEX IV "ACCEPTABLE MEANS OF COMPLIANCE TO PART-66" OF ED DECISION 2003/19/RM		6
AIRCRAFT TYPE RATINGS FOR PART-66 AIRCRAFT MAINTENANCE LICENCE.....		8

A. Explanatory Note

I. General

1. The purpose of this Notice of Proposed Amendment (NPA) is to envisage amending Appendix 1 to Annex IV of Decision 2003/19/RM of the Executive Director of 28 November 2003² to Commission Regulation (EC) No 2042/2003³ Annex III (Part-66). Annex IV of Decision 2003/19/RM is the AMC Acceptable Means of Compliance to Part-66 which includes the list of Aircraft type ratings for Aircraft Maintenance Licences (hereinafter referred to as 'Part-66 AMC Appendix 1').
2. The European Aviation Safety Agency (hereinafter referred to as 'the Agency') is directly involved in the rule-shaping process. It assists the Commission in its executive tasks by preparing draft regulations, and amendments thereof, for the implementation of the Basic Regulation⁴ which are adopted as "Opinions" (Article 19(1)). It also adopts Certification Specifications, including Airworthiness Codes and Acceptable Means of Compliance and Guidance Material to be used in the certification process (Article 19(2)).
3. When developing rules, the Agency is bound to follow a structured process as required by Article 52(1) of the Basic Regulation. Such process has been adopted by the Agency's Management Board and is referred to as "The Rulemaking Procedure"⁵.
4. This rulemaking activity is included in the Agency's Rulemaking Programme for 2010-2013. It implements the rulemaking task 66.025.
5. The text of this NPA has been developed by the Agency. It is submitted for consultation of all interested parties in accordance with Article 52 of the Basic Regulation and Articles 5(3) and 6 of the Rulemaking Procedure.
6. The regular amendment of Part-66 AMC Appendix I is considered a permanent rulemaking task for the Agency. This NPA represents the sixth amendment to Appendix I. The comments to the Agency Decision and the related responses will be published in a CRD.
7. The text of this NPA has been developed by the Agency. It is submitted for consultation of all interested parties in accordance with Article 43 of the Basic Regulation and Articles 5(3) and 6 of the Rulemaking Procedure.

II. Consultation

8. To achieve optimal consultation, the Agency is publishing the draft decision of the Executive Director on its internet site. Comments should be provided within 3 months in accordance with Article 6.4 of the Rulemaking Procedure. Comments on this proposal should be submitted by one of the following methods:

² Decision No 2003/19/RM of the Executive Director of the Agency of 28.11.2003 on acceptable means of compliance and guidance material to Commission Regulation (EC) No 2042/2003 of 20 November 2003 on the continuing airworthiness of aircraft and aeronautical products, parts and appliances, and on the approval of organisations and personnel involved in these tasks. Decision as last amended by Decision 2009/016/R of 1 December 2009.

³ OJ L 315, 28.11.2003, p. 1. Regulation as last amended by Commission No 127/2010 of 5 February 2010.

⁴ Regulation (EC) No 216/2008 of the European Parliament and of the Council of 20 February 2008 on common rules in the field of civil aviation and establishing a European Aviation Safety Agency, and repealing Council Directive 91/670/EEC, Regulation (EC) No 1592/2002 and Directive 2004/36/EC (OJ L 79, 19.03.2008, p. 1).

⁵ Management Board decision concerning the procedure to be applied by the Agency for the issuing of Opinions, Certification Specifications and Guidance Material (Rulemaking Procedure), EASA MB 08-2007, 13.6.2007.

CRT: Send your comments using the Comment-Response Tool (CRT) available at <http://hub.easa.europa.eu/crt/>

E-mail: In case the use of CRT is prevented by technical problems these should be reported to the [CRT webmaster](mailto:CRT_webmaster@easa.europa.eu) and comments sent by email to NPA@easa.europa.eu.

Correspondence: If you do not have access to internet or e-mail you can send your comment by mail to:

Process Support
Rulemaking Directorate
EASA
Postfach 10 12 53
D-50452 Cologne
Germany

Comments should be submitted **by 26 August 2010**. If received after this deadline they might not be taken into account.

If you wish to inform the Agency of any changes to the type ratings outside NPA consultation periods, please send an e-mail to: Part66AML@easa.europa.eu.

III. Comment response document

9. All comments received in time will be responded to and incorporated in a comment response document (CRD). The CRD will be available on the Agency's website and in the Comment-Response Tool (CRT).

IV. Content of the draft decision

10. The objective of Part-66 AMC Appendix I on Aircraft type ratings for Part-66 Aircraft Maintenance Licence is to propose a list of aircraft type ratings (aircraft/engine combinations) to promote a common standard throughout the Member States. This requires frequent amendment of the Appendix to keep it up to date.

The envisaged changes to Decision 2003/19/RM are an update of TC holders data (designation of TC holder) and aircraft data for adding current or new models.

V. Regulatory Impact Assessment

11. No Regulatory Impact Assessment has been conducted for this amendment.

B. DRAFT DECISION

The text of the amendment is arranged to show deleted text, new text or new paragraph as shown below:

1. deleted text is shown with a strike through: ~~deleted~~
2. new text is highlighted with grey shading: **new**
3.

indicates that remaining text is unchanged in front of or following the reflected amendment.

APPENDIX 1 to Annex IV “Acceptable Means of Compliance to Part-66” of ED Decision 2003/19/RM

The following aircraft type ratings should be used to ensure a common standard throughout the Member States.

The inclusion of an aircraft type in the licence does not indicate that the aircraft type has been granted a type certificate under the Basic Regulation and its implementing rules Regulation 1702/2003, this list is only intended for the maintenance purposes.

In order to keep this list current and type ratings consistent, such information should be first passed on to the Agency in case a Member State needs to issue a type rating that is not included in this list.

Notes:

~~Note 1. For aeroplanes in lists 1 and 2, and helicopters in lists 11, 12 and 13, the table of Appendix I include 3 columns:~~

- ~~o column 1: TC holder designation~~
- ~~o column 2: aircraft model and, when available, the aircraft commercial designation,~~
- ~~o column 3: aircraft designation for endorsement on the Part-66 licence.~~

~~Only the designations in column 3 should be used for endorsing ratings on Part-66 licences. In the tables of the remaining lists 3 to 10 the TC holder designation is added.~~

~~Note 2. When a modification is introduced by this Decision to an aircraft type rating or to an engine designation in the rating which affect licences already issued, the ratings on the AML licences may be modified at next renewal or when the licence is re-issued.~~

In the following table, the meaning of the columns is the following:

Column 1:

List No.	List of aircraft:
1	Large aircraft (LA). Aeroplanes with a maximum take-off mass of more than 5700 kg, requiring type training and individual type rating
2	Aeroplanes of 5700 kg and below, requiring type training and individual type rating (A-tr)
3	Aeroplanes multiple turbine engines (AMTE) of 5700 kg and below, eligible for type examinations and manufacturer group ratings
4	Aeroplanes single turbine engine (ASTE) of 5700 kg and below, eligible for type examinations and group ratings
5	Aeroplane multiple piston engines – metal structure (AMPE-MS), eligible for type examinations and group ratings
6	Aeroplane single piston engine – metal structure (ASPE-MS), eligible for type examinations and group ratings
7	Aeroplane multiple piston engines – wooden structure (AMPE-WS), eligible for type examinations and group ratings
8	Aeroplane single piston engine – wooden structure/ metal tube-fabric (ASPE-WS), eligible for type examinations and group ratings
9	Aeroplane multiple piston engines – composite structure (AMPE-CS),

	eligible for type examinations and group ratings
10	Aeroplane single piston engine – composite structure (ASPE-CS), eligible for type examinations and group ratings
11	Multi-engine helicopters (MEH), requiring type training and individual type rating
12	Helicopters – Single turbine engine (HSTE), eligible for type examinations and group ratings
13	Helicopters – Single piston engines (HSPE), eligible for type examinations and group ratings

Column 2 means the Part-145 class ratings as follows:

AIRCRAFT	A1 Aeroplanes above 5700 kg
	A2 Aeroplanes 5700 kg and below
	A3 Helicopters
	A4 Aircraft other than A1, A2 and A3

Column 3 includes the TC holder as defined in the TCDS (EASA, FAA or other),

Column 4 includes the aircraft models as defined in the relevant TCDS (EASA, FAA or other),

Column 5 includes the “commercial designation” when available,

Column 6 includes the relevant type ratings, only the designations in column 6 should be used for endorsing ratings on Part-66 licences.

Column 7 includes the reason for changes.

Note: aircraft STC data are not included in this table.
