Question:

Is a PPL or a LAPL issued in the UK still recognized in an EASA Member State after the end of 2020?

Answer:

As of January 01, 2021, licenses and certificates issued by the UK are no longer valid in EASA Member States and are treated as a third-country licences and certificates. As of that date, the holder of a UK-issued PPL may apply for its conversion in accordance with Commission Delegated Regulation (EU) 2020/723. LAPLs can however not be converted in accordance with that Regulation.
