

European Union Aviation Safety Agency

FAQ n.137864

FAQs:

[Higher Airspace Operations \(HAO\)](#)

Question:

Are there European HAO projects under development?

Answer:

A number of European industrial projects are under development, as reflected in the demand analysis performed in the [ECHO 1 project from the SESAR JU/Eurocontrol](#). Some of these projects are in contact with EASA for certification/design approval, and/or prototype tests.
