

**FAQs:**

[Flight conditions & Permit to Fly](#), [Design Organisations](#)

**Question:**

**Can I, as a DOA holder, use my privilege to approve a permit to fly for an aircraft registered in a different country? Even when that country is not a member of the EU?**

**Answer:**

A DOA holder can issue a Permit to Fly for an aircraft registered in any EASA Member State but not for aircraft registered in other countries.
