Description

Day 1: 10:00 - 17:30.

Day 2: 09:00 - 16:00.

To be confirmed.

STC workshop is primarily aimed at applicants; supporting them so that they better understand

our expectations and in turn understand their needs and difficulties in order to help facilitate more efficient processing of STC applications, providing regulatory updates and detailed technical presentations in areas of interest of applicants.

The Agenda is still being developed but is anticipated to cover at least the following topics;

- STC Process; Application, Data-package, Certification Basis, Project Management
- Operational Suitability Data (OSD)
- Level of Involvement
- Validations
- Cybersecurity

Please send an e-mail to CT1.4.AdminSTCandSpecialProjects [at] easa.europa.eu with name and company.

Initially registration can only be accepted for a maximum of 2 person per company with further requests being added to the wait list.
