### Who can perform the Class 1 aero-medical examination?

#### Answer

Initial Class 1 aero-medical examination can be performed only at an Aero-medical centre (AeMC) certified to perform class 1 aero-medical examinations. The aero-medical examination for the renewal or revalidation of the medical certificate can be performed by either an AeMC or an authorized aero-medical examiner (AME) with the privileges to revalidate and renew Class 1 medical certificate. For more details, please refer to the website of the competent authority of a Member State where you are planning to apply. Usually competent authorities publish a list of the authorised AeMCs and AMEs on their website. The list of Member States and the websites of their competent authorities can be found on our website under '[EASA by Country](#)'.

**If I undertake my aero-medical examination in another Member State than the state that issued my licence do I need to validate resulting medical**

## certificate with my licensing authority?

### Answer

No, if you hold a valid medical certificate issued by an AME authorized by an EASA State then no validation is needed, the medical certificate shall be recognized by all Member States without additional proceedings.
