

Aerodrome "Triple One" Concept: reducing runway incursions — final dissemination event

On-site

EASA,

Organised by: Airsight

Date:

27 Sep 2024

27/09/2024, 09:00 - 17:00 CET (UTC +1)

Location

Mövenpick Hotel, Schöneberger Str. 3, 10963 Berlin, Germany

Description

The Final dissemination event of the [project "Triple One"](#) will provide you with an overview of the research scope, objectives, how we carried out the research actions, how we involved stakeholders. The colleagues will also present the key results of the research and how we plan to make the best use of them. This project has received funding from the European Union's Horizon Europe Research and Innovation Programme.

The implementation of the research itself has been tendered via public procedure and awarded to a consortium led by Airsight. EASA ensured the contractual and technical management of this project.

Preliminary Agenda:

The event will be divided into two segments:

1. Main Segment: Presentation of our study results, along with industrial experiences and insights from stakeholders concerning the Triple One Concept.
2. Expert Segment: Discussions on various current topics presented by our experts.

[More information on the event](#)

This project is funded from the European Union's Horizon Europe research and

innovation programme.
