Annex to EASA Opinion No 07/2024

COMMISSION IMPLEMENTING REGULATION (EU) .../...
of XXX
amending Implementing Regulation (EU) 2023/2117 as regards the list of information
objects

COMMISSION IMPLEMENTING REGULATION (EU) .../...

of **XXX**

amending Implementing Regulation (EU) 2023/2117 as regards the list of information objects

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Regulation (EU) 2018/1139 of the European Parliament and of the Council of 4 July 2018 on common rules in the field of civil aviation and establishing a European Union Aviation Safety Agency, and amending Regulations (EC) No 2111/2005, (EC) No 1008/2008, (EU) No 996/2010, (EU) No 376/2014 and Directives 2014/30/EU and 2014/53/EU of the European Parliament and of the Council, and repealing Regulations (EC) No 216/2008 and (EC) No 552/2004 of the European Parliament and of the Council and Council Regulation (EEC) No 3922/91 ⁽¹⁾, and in particular Article 74(8) thereof,

Whereas:

- (1) In accordance with Article 74 of Regulation (EU) 2018/1139, civil-aviation-related information is to be stored in an electronic repository of information established and managed by the European Union Aviation Safety Agency ('the Agency') necessary to ensure the effective cooperation between the Agency and the national competent authorities concerning the exercise of their tasks relating to certification, oversight and enforcement under that Regulation.
- (2) In accordance with Article 74(8)(c) of Regulation (EU) 2018/1139, the Commission shall adopt implementing acts laying down the necessary rules for the functioning and management of the repository and detailed requirements with regard to regular updates and standardised updates of the information included in the repository.
- (3) Annex I to Commission Implementing Regulation (EU) 2023/2117 contains a list of all the information objects to be stored in the repository of information.
- (4) It has been noted that, since the adoption of Commission Implementing Regulation (EU) 2023/2117, several developments have occurred and, therefore, the review of the information objects listed under its Annex I is considered necessary.
- (5) The review of the information objects listed in Annex I showed that some information objects were initially included in the list while they should have not been, for consistency purposes. The review also showed that some information objects were repeated or not considered necessary.
- (6) The need has also been identified to reconsider the priority groups for some of the information objects listed in Annex I to ensure that only the necessary ones are uploaded into the repository within a certain time frame.

⁽¹⁾ OJ L 212, 22.8.2018, p. 1

- (7) Furthermore, the review also showed that the operational authorisation for UAS operators was missing from the list of Annex I; therefore, this information object should be included in the list together with the associated priority group.
- (8) Commission Implementing Regulation (EU) 2023/2117 should also be amended to take into account issues highlighted to the Agency by its advisory bodies during the focused consultation phase.
- (9) Commission Implementing Regulation (EU) 2023/2117 should, therefore, be amended accordingly.
- (10) The measures provided for in this Regulation are in accordance with the opinion of the committee for the application of common safety rules in the field of civil aviation,

HAS ADOPTED THIS REGULATION:

Article 1

Annex I (LIST OF INFORMATION OBJECT) to Implementing Regulation (EU) 2023/2117 is amended as follows:

- (a) the information object ‘UAS operator certificate’ is deleted;
- (b) the information object ‘Operator declaration as provider of technical training STS’ is replaced by ‘Declaration as provider of training for UAS operators’;
- (c) as regards information object ‘Exemption (cumulative) duration up to 8 months — notification’, priority group ‘A’ is replaced by priority group ‘B’;
- (d) as regards information object ‘Permit to fly — approval of flight conditions’, priority group ‘A’ is replaced by priority group ‘C’;
- (e) as regards information object ‘Permit to fly’, priority group ‘A’ is replaced by priority group ‘C’;
- (f) the information object ‘Operator confirmation of acceptability of the updated mitigation measures and compliance of local conditions in case of cross border operations’ is deleted;
- (g) the information object ‘Registration of UAS certified device’ is replaced by ‘Registration of certified UAS’;
- (h) as regards information object ‘Registration of certified UAS’, priority group ‘A’ is replaced by priority group ‘B’;
- (i) the information object ‘Operational authorisation for UAS operators’ is inserted and priority group ‘A’ is assigned.

Article 2

Entry into force

This Regulation shall enter into force on the twentieth day following that of its publication in the *Official Journal of the European Union*.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels,

For the Commission

The President

Ursula VON DER LEYEN
