

European Union Aviation Safety Agency

FAQ n.119217

FAQs:

[Confidential Safety Reporting](#)

Question:

Will I be informed about the outcome of any investigation following a Confidential Safety Report?

Answer:

If the reported matter falls within one of the areas where EASA is the competent authority EASA will conduct the necessary investigation. Upon its conclusion, you will be informed about the outcome to the extent that this is possible without compromising the integrity of EASA's actions. The duration of the investigation depends on the complexity of the case. Pending EASA's investigation you will only be contacted in case additional information is required from you.

Within the EASA Confidential Safety Reporting system, the reporter's personal data will be processed in accordance with (i) [Regulation \(EU\) 2018/1725](#) on the protection of natural persons with regard to the processing of personal data by the Union institutions, bodies, offices and agencies and on the free movement of such data, and (ii) the applicable [EASA data protection policy](#).
