

European Union Aviation Safety Agency

## FAQ n.115293

### FAQs:

[What I need to care about: "At all times", Passenger Health Safety - COVID-19, Passengers](#)

### Question:

**Do I still have to cover my face if I sneeze?**

### Answer:

Yes, remember the "respiratory etiquette". You should cover your mouth and nose with a paper towel when sneezing or coughing, even when wearing a face mask. If this is not possible, cough or sneeze into your flexed elbow.
