

European Union Aviation Safety Agency

## FAQ n.96127

### FAQs:

[DAT](#), [Air Traffic Management \(ATM\)](#) / [Air Navigation Services \(ANS\)](#), [Regulations](#)

### Question:

**Does any software application used inside an EFB, which is not part of the certified aircraft configuration, require certified DAT?**

### Answer:

Any software applications not loaded into certified aircraft applications, e.g. used inside an EFB do not require to be provided by certified DAT providers.
