

European Union Aviation Safety Agency

FAQ n.119236

FAQs:

[Drones without class identification label in the 'specific' category](#), [Specific category](#), [Drones \(UAS\)](#), [Regulations](#)

Question:

I fall under the 'specific' category will I be able to fly my old drone after 31 December 2020 ?

Answer:

Drones in the 'specific' category do not need a class identification label (except if operating in a standard scenario).
