

FAQ n.19544

## FAQs:

Applicability, Third Country Operators (TCO), Regulations

## Question:

Is a TCO authorisation required by Business Aviation Operators?

### **Answer:**

Generally, yes. If you perform commercial air transport under an Air Operator Certificate (AOC) (operating aircraft for hire to transport passengers, cargo or mail) (e.g. under U.S. 14 CFR Part 135) then a TCO authorisation is required. If you file flight plans using the flight types "N" or "S" then you are conducting commercial air transport operations and must hold a TCO authorisation issued by EASA in order to operate to EU territories.
