

International Maintenance Review Board Policy Board (IMRBPB) Charter

(2011)

The IMRBPB is envisioned as a system for the continuing development of policies, procedures and guidance for the use of personnel operating under the purview of various Maintenance Review Boards (MRB's). In addition to promoting harmonization with other regulatory authorities, the IMRBPB would advocate the standardization of MRB policy and procedures. The IMRBPB would also provide a structured forum for discussions leading to the development of national and international policy regarding all MRB activities.

The present agreement between the Federal Aviation Administration (FAA), Transport Canada Civil Aviation (TCCA), European Aviation Safety Agency (EASA), Hong Kong Civil Aviation Department (HKCAD), National Civil Aviation Agency - Brazil (ANAC), Civil Aviation Authority of Singapore (CAAS), Japan Civil Aviation Bureau (JCAB) and Civil Aviation Administration of China (CAAC), is built upon the first agreement which was established between JAA/TCCA/FAA during the first joint meeting held in Glasgow, Scotland, in November, 1994.
