Question:

What are the roles and responsibilities of personnel involved in aircraft line and base maintenance?

Answer:

EASA issued on March 2023 a paper to answer this question: [“EASA Policy on the roles and responsibilities of personnel involved in aircraft line and base maintenance”](#).

This paper supersedes the chapters 5, 6, 7 and 8 of the paper issued December 2015 that can be found in [FAQ No. 46216](#).

Please refer also to the [Roles and responsibilities of Maintenance personnel webinar](#) that was organised to explain the content of this paper
