

EASA Rotorcraft and VTOL Safety Symposium 2024

Welcome and introduction

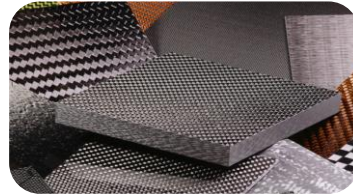

Clément Audard, EASA Chief Expert
Development Assurance and Safety Assessment
Policy, Innovation & Knowledge Department, EASA

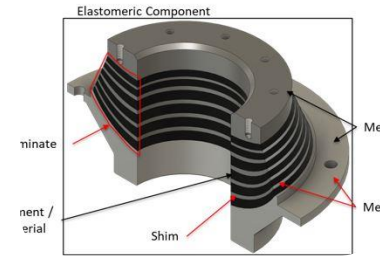

Rotorcraft Structures Workshop - 18-19 February 2025

Rulemaking,
Cert Memos

Materials: Additive,
Composite, Metallic

Fatigue & Damage
Tolerance, Elastomers

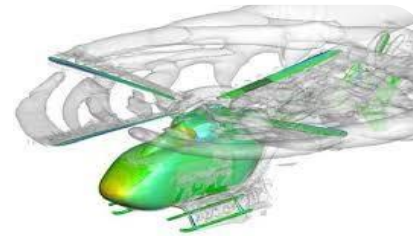

STCs: Internal and
External Installations

Transmissions: CIVP,
Hybrid bearings, RCF

Hoist, NHEC, HEC-
Platform

Modelling and
Simulation

Fuel Tank
Crashworthiness
